Note:

1. The unaudited figures as presented above are subject to change as per the instructions from Nepal Insurance Authority/Statutory Auditors.
2. The financial statement has been formulated in compliance with the Nepal Financial Reporting Standards (NFRS) as mandated by the Nepal Insurance Authority.
3. The detailed interim report has been published on the company's website at www.cml.com.np.
4. Only the business figures confirmed by the FE Pool manager up to the first quarter are considered.

DISCLOSURE AS PER SECTION 84(3) OF INSURANCE ACT, 2079

- 1. Solvency Ratio:** The company has maintained a solvency ratio of 1.97 as per its latest actuarial valuation i.e. Fiscal Year 2080/081.
- 2. Reinsurance-related disclosure:** The company maintains reinsurance agreements as a fundamental component of its risk management strategy. The purpose of these arrangements is to mitigate potential losses resulting from large and unexpected claims. The company has made the reinsurance arrangements type of direct cession and surplus treaty, with Himalayan Reinsurance and Nepal Re. These arrangements are subject to regular review and evaluation to ensure they align with the company's risk tolerance and overall business objectives.
- 3. Details regarding legal proceedings:** There have been no legal proceedings against the company reported up to the current period.
- 4. Corporate Governance:** We affirm our adherence to corporate governance directive issued by Nepal Insurance Authority, ensuring compliance with applicable laws and regulations. Our Board of Directors oversees operations, and throughout the reporting period, we have met all disclosure requirements and maintained robust internal controls. We are committed to upholding these practices, essential for building trust and ensuring the company's long-term sustainability.
- 5. Regulatory limit on expenses ratio:** The expenses of company are within the expenses ratio prescribed by Nepal Insurance Authority.
- 6. Any other disclosure:** The company has complied with all the applicable laws and directives issued by the regulatory bodies.

PUBLISHED AS PER ANNEXURE 14 OF RULE 26 OF SUB RULE (1) OF SECURITIES REGISTRATION AND ISSUE REGULATION, 2073

1. Financial Statements

The financial statements of the company for the third quarter of FY 2081/82 have been published along with this report. The interim financial report has been prepared in accordance with the circular issued by the Nepal Insurance Authority.

2. Major Financial Indicators

Earnings per Share (Annualised)	1.87
PE Ratio	195.40
Net worth per share	102.88
Assets per share	125.58

3. Management Analysis

The company performed strongly in the third quarter of FY 2081/82. Total premium went up to NPR 236.34 million from NPR 48.15 million corresponding last year. The Life Insurance Fund also grew to NPR 149.77 million, showing more savings for our policyholders. Net profit increased to NPR 10.53 million, which means we managed our costs better. Our total investments reached NPR 746.65 million, showing steady growth. These results show that the company is growing and heading in a good direction.

4. Legal Proceedings

There are no legal proceedings against the company or by the company during this period.

5. Details of Share Transactions

The shares of the companies are listed and actively traded in Nepal Stock Exchange Limited. The details of the share transactions of the company are mentioned below:

Maximum Rate	365.90
Minimum Rate	302.50
Closing Price	365.90
No. of Transactions	39
Transaction days	2

6. Problems and Threats

The life insurance market in Nepal is currently facing different challenges, including a shortage of skilled human resources, limited long-term investment opportunities, and growing market competition. Other key issues include low public awareness, high inflation, and the impact of global economic uncertainty.

7. Corporate Good Governance

The company has built a strong internal control system, which is regularly reviewed by committees and sub-committees. It has also adopted modern IT systems to support transparency and good governance. The company continues to follow all the rules and guidelines set by the Nepal Insurance Authority and other regulatory bodies.

8. Declaration by the Chief Executive Officer

I personally take responsibility for ensuring that the information and statements in this report are true and fairly presented. To the best of my knowledge, no relevant information that could affect investors' decision-making has been knowingly left out while preparing this report.

I. Notes to the Interim Financial Statements

Reporting Entity

Crest Micro Life Insurance Limited (herein after referred to as the 'Company') was incorporated on 2079/09/13 and operated as Micro life insurance company after obtaining license on 2079/12/28 under the Insurance Act 2079.

The registered office of the Company is located at Birendranagar-6, Surkhet. The Company's shares are not listed yet on any stock exchange. The principal activities of the Company are to provide various life insurance products through its province offices, branches, sub-branches, and network of agents.

Basis of preparation

The Condensed Financial Statements of the Company have been prepared and presented in accordance with the Nepal Financial Reporting Standards (NFRS) issued by the Nepal Accounting Standards Board (ASB) and in compliance with the requirements of the Companies Act 2006, directives issued by Nepal Insurance Authority and other applicable required disclosures. The format used in the preparation and presentation of the Condensed Financial Statements and disclosures made therein also complies with the specified formats prescribed in the directives of Nepal Insurance Authority.

The Financial Statements have been prepared on a going concern basis. The term NFRS includes all the standards and the related interpretations which are consistently use.

Statement of compliance with NFRSs

These condensed financial statements comply with the requirements of the Nepal Financial Reporting Standards (NFRS) laid down by The Institute of Chartered Accountants of Nepal (ICAN), Companies Act, 2006 and all, directive issued by Nepal Insurance Authority and other applicable laws and regulation and amendments thereto.

Use of Estimates, assumptions, and judgments

The preparation of these Condensed Financial Statements in conformity with NFRS requires management to make estimates, judgments, and assumptions. These estimates, judgments and assumptions affect the reported balance of Assets & Liabilities, disclosures relating to Contingent Liabilities as at the date of the Financial Statements and the reported amounts of Income & Expenses for the year presented.

Estimates and underlying assumptions are reviewed on an ongoing basis. Changes in estimates are reflected in the Financial Statements in the period in which changes are made and, if material, their effects are disclosed in the Notes to the Financial Statements.

The most significant areas of assumptions and estimation applied in the application of accounting policies that have the most significant effect on the amounts recognized in the financial statements are listed hereinafter and their description follows:

- ❖ Fair value of financial instruments
- ❖ Classification of financial ASSETS and financial liabilities
- ❖ Impairment losses on financial ASSETS and non- financial ASSETS
- ❖ Useful economic life of property and equipment
- ❖ Taxation and deferred Tax
- ❖ Defined benefit obligations
- ❖ Provisions for liabilities, commitments, and contingencies

Significant accounting policies

The company has applied the accounting policies set out below consistently to all periods presented in the accompanying condensed financial statements unless specifically stated otherwise.

(i) Basis of Measurement

The Financial Statements have been prepared on the historical cost basis except for following Assets & Liabilities which have been measured at Fair Value amount:

- i. Certain Financial Assets & Liabilities which are required to be measured at fair value.
- ii. Defined Employee Benefits under NAS 19 'Employee Benefits'
- iii. Insurance Contract Liabilities which are required to be determined using actuarial valuation for Liability Adequacy Test (LAT).

Historical cost is generally Fair Value of the consideration given in exchange for goods & services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

(ii) Cash & Cash Equivalent

Cash & Cash Equivalents include Cash in Hand, Cheque in Hand, Bank Balances and short term deposits with a maturity of three months or less.

(iii) Goodwill and Intangible Assets

The accounting policy for intangible assets states that assets acquired separately are initially recognized at cost and subsequently carried at cost less accumulated amortization and impairment losses. Internally generated intangibles, excluding capitalized development costs, are expensed in the year incurred. Additional expenditures on intangible assets are capitalized only if they enhance future economic benefits, while all other expenses are recognized immediately.

Amortization is calculated using the straight-line method based on the estimated useful life, reviewed annually, and any changes are treated as accounting estimates. Intangible assets, categorized by software and licenses, have specific useful lives and residual values. Derecognition occurs when no future economic benefits are expected, with any resulting gains or losses recognized in the Statement of Profit or Loss.

Useful Life of Intangible Assets based on SLM is categorized as stated below:

Asset Categories	Useful Life (In Years)	Residual Value
Software	Lower of 5 years or License period	5%
Licenses	License Period	5%

(iv) Property and Equipment (P&E)

The company recognizes freehold land at historical cost and other property, plant, and equipment (P&E) items at acquisition or construction cost less accumulated depreciation if it is probable that future economic benefits will be derived for more than one year and the cost can be reliably measured. Subsequent costs meeting these

criteria are added to the asset's carrying amount or recognized separately. The company applies NAS 16 – “Property, Plant and Equipment” in the accounting of property and equipment.

Repair and maintenance expenses are charged to profit or loss. Accumulated depreciation at the revaluation date is eliminated against the gross carrying amount, and the net amount is restated to the revalued amount. Upon disposal, the revaluation reserve related to the asset is transferred to retained earnings, and the difference between depreciation on revalued and original cost is also transferred to retained earnings.

(v) Derecognition of Assets

An item of Property, Plant and Equipment is derecognized upon disposal or when no Future Economic Benefits are expected to arise from the continued use of the Asset. Any Gain or Loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the Asset and is recognized in the Statement of Profit or Loss.

(vi) Depreciation

Depreciation on Property, Plant and Equipment other than Freehold Land i.e. the Company’s Freehold Building, Plant & Machinery, Vehicles & Other Assets is provided on "Straight Line Method (SLM)" based on Useful Life estimated by technical expert of the management.

The Assets Useful Life/ Rate of Depreciation and Residual Values are reviewed at the Reporting date and the effect of any changes in estimates are accounted for on a prospective basis.

Useful Life of Property, Plant and Equipment based on SLM/ DBM is categorized as stated below:

Asset Categories	Useful Life (In Years)	Residual Value
Land	Not Applicable	Not Applicable
Buildings	Not Available	5%
Leasehold Improvement	Lower of 5 Years or Lease Period	5%
Furniture & Fixtures	10	5%
Computers and IT Equipment’s	5	5%
Office Equipment	5	5%
Vehicles	10	5%
Other Assets	5	5%

(vii) Investment Properties

Investment properties, held for rental income or capital appreciation, are initially measured at cost, including related transaction costs, and subsequently carried at cost less accumulated depreciation. Additional expenditures are capitalized only if future economic benefits are probable and can be reliably measured; other repairs and maintenance costs are expensed.

Land is carried at historical cost, while buildings are depreciated over their estimated useful lives.

Investment properties are derecognized upon disposal or when permanently withdrawn with no future economic benefit, and gains or losses from retirement or disposal are recognized in the statement of profit or loss.

As of the reporting date, the company does not have any investment properties.

viii) Deferred Tax Assets and Liabilities

Deferred Tax Assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible Temporary difference and the carry forward of unused tax credits and unused tax losses can be utilized.

Deferred Tax Liabilities are generally recognized for all taxable Temporary Difference.

The carrying amount of Deferred Tax Assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the Deferred Tax Asset to be utilized.

(ix) Financial Assets

Financial assets are recognized when the company becomes a party to the contractual provisions, and their classification is determined at initial recognition. When Financial Assets are recognized initially, they are measured at Fair Value, plus, in the case of Financial Assets not at fair value through profit or loss, transaction costs that are attributable to the acquisition of the Financial Asset. Transaction costs of Financial Assets carried at Fair Value through Profit or Loss are expensed in the Statement of Profit or Loss.

Financial assets are measured based on their category: **assets at amortized cost** if held to collect contractual cash flows, **assets at fair value through other comprehensive income (FVTOCI)** if held for both collecting cash flows and selling assets, and **assets at fair value through profit or loss (FVTPL)** if not classified in the above categories.

De-recognition occurs when the company transfers rights to receive cash flows, considering risks and rewards of ownership. Impairment is assessed if there is objective evidence of incurred loss events impacting future cash flows, such as financial difficulty, default, or observable data indicating a decrease in estimated future cash flows.

(x) Current Tax Assets

Current Tax Assets represent income taxes that a company has overpaid or prepaid for a specific reporting period, and these funds are either to be refunded or used to offset future tax obligations. This is the amount that has been paid more in taxes than its actual liability for the period, or when taxes have been deducted at source (TDS) on the company's income, such as interest earned on fixed deposits.

(xi) Financial Liabilities

Financial liabilities are recognized when the company becomes a party to the contractual provisions, and their classification is determined at initial recognition. All financial liabilities are initially recognized at fair value, including transaction costs for liabilities not at fair value through profit or loss.

Financial liabilities are measured at amortized cost using the Effective Interest Method. For payables maturing within one year, carrying amounts approximate fair value due to their short maturity.

De-recognition occurs when the obligation is discharged, cancelled, or expires. Replacement, modification, or substantial changes in terms result in de-recognition of the original liability and recognition of a new liability, with the difference in carrying amounts recognized in the Statement of Profit or Loss.

(xii) Reserves and Funds

i) Share Application Money Pending Allotment: These funds are received from shareholders who have applied for shares but have not yet been allotted their shares.

ii) Share Premium: If the Company issues share capital at premium it receives an extra amount other than share capital such amount is transferred to share premium. The amount in share premium is allowed for distribution subject to provisions of company act & regulatory requirement.

iii) Catastrophe Reserves: The Company has allocated catastrophe reserves for the amount which is 10% of the profit for the year as per Regulator's Directive.

iv) Fair Value Reserves: The Company has a policy of creating a fair value reserve equal to the amount of Fair Value Gain recognized in the statement of other comprehensive income as per regulator's directive.

v) Actuarial Reserves: Reserve against actuarial gain or loss on present value of defined benefit obligation resulting from, experience adjustments (the effects of differences between the previous actuarial assumptions and what has occurred); and the effects of changes in actuarial assumptions.

vi) Revaluation Reserves: Reserve created against revaluation gain on property, plant & equipment & intangible assets, other than the reversal of earlier revaluation losses charged to profit or loss.

vii) Corporate Social Responsibility Reserves: The Company has allocated corporate social responsibility reserves for the amount which is 1% of the profit for the year as per Regulator's Directive.

viii) Other Reserves: Deferred Tax Reserve equal to the amount of Deferred Tax Assets is created out of prudence and Nepal Insurance Authority's Directives.

(xiii) Employee Benefits

Employee benefits comprise various forms of compensation provided by an organization in exchange for services rendered by its employees. The company's compensation package includes short-term and long-term benefits, such as salary, allowances, paid leave, accumulated leave, SSF contribution, and annual statutory bonuses.

The Group adheres to the accounting standard NAS 19 - "Employee Benefits" for recording all employee benefits and reports the following in its financial statements:

Recognition of liability when an employee has provided services in exchange for employee benefits to be paid in the future.

(i) Recognition of a liability when an employee has provided services in exchange for employee benefits to be paid in the future.

(ii) Recognition of an expense when the Group consumes the economic benefit arising from services provided by an employee in exchange for employee benefits.

(xiv) Gross Insurance Contract Liabilities

At each reporting date, the Company reviews its unexpired risk, and a liability adequacy test is performed to determine whether there is any overall excess of expected claims and deferred acquisition costs over unearned premiums. The calculation uses current estimates of future contractual cash flows after taking account of the

investment return expected to arise on assets relating to the relevant life insurance technical provisions. If these estimates show that the carrying amount of the unearned premiums is inadequate, the deficiency is recognized in the statement of profit or loss by setting up a provision for liability.

In the condensed financial statements, all of the excess amount derived from individual portfolios with maturity benefits have been allocated to the gross insurance contract liabilities. For other types of portfolios, the calculation of gross insurance contract liabilities has been performed in accordance with point number 5(3) of the circular issued by the Nepal Insurance Authority for quarterly financial statement reporting.

(xv) Revenue Recognition

i) Gross Premium

Gross premiums are recognized as soon as the amount of the premiums can be reliably measured. The first premium is recognized from inception date. At the end of the financial year, all due premiums are accounted for to the extent that they can be reliably measured.

ii) Unearned Premium Reserves

Unearned premiums are those proportions of premiums written in a year that relate to periods of risk after the reporting date. Unearned premiums are calculated on a pro rata basis. The proportion attributable to subsequent periods is deferred as a provision for unearned premiums.

iii) Premiums on Reinsurance Accepted

Premiums on reinsurance accepted comprise the total premiums payable for the whole cover provided by contracts entered the period and are recognized on the date on which the policy incepts. Premiums include any adjustments arising in the accounting period in respect of reinsurance contracts incepting in prior accounting periods. Unearned reinsurance premiums are those proportions of premiums written in a year that relate to periods of risk after the reporting date.

iv) Commission Income

Commission Income is recognised on an accrual basis. If the income is for future periods, then they are deferred and recognized over those future periods.

v) Investment income

"Interest income is recognised in the statement of profit or loss as it accrues and is calculated by using the EIR method. Fees and commissions that are an integral part of the effective yield of the financial asset are recognised as an adjustment to the EIR of the instrument.

Investment income also includes dividends when the right to receive payment is established."

vi) Net realised gains and losses

Net realised gains and losses recorded in the statement of profit or loss include gains and losses on financial assets and properties. Gains and losses on the sale of investments are calculated as the difference between net sales proceeds and the original or amortised cost and are recorded on occurrence of the sale transaction.

(xvi) Benefit, Claims and Expenses

i) Gross Benefits and Claims

Benefits and claims include the cost of all claims arising during the year, including external claims handling costs that are directly related to processing and settlements of claims. Benefits and claims that are incurred during the financial year are recognised when a claimable event occurs and/or the insurer is notified. Death, surrender and other benefits without due dates are treated as claims payable, on the date of receipt of intimation of death of the assured or occurrence of contingency covered.

ii) Reinsurance Claims

Reinsurance claims are recognised when the related gross insurance claim is recognised according to the terms of the relevant contracts.

iii) Commission Expenses

Commission expenses are recognised on an accrual basis. If the expenses is for future periods, then they are deferred and recognised over those future periods.

iv) Service Fees

Service fees are recognised on an accrual basis as per the rates mentioned in Insurance act, 2079.

v) Finance Cost

Finance costs are recognised for the period relating to unwinding of discount and interest expenses due to re-measurement of liabilities.

(xvii) Product Classification

Insurance contracts are those contracts when the Company (the insurer) has accepted significant insurance risk from another party (the policyholders) by agreeing to compensate the policyholders if a specified uncertain future event (the insured event) adversely affects the policyholders. As a general guideline, the Company determines whether it has significant insurance risk by comparing benefits paid with benefits payable if the insured event did not occur.

The Company has following portfolios under which it operates its business:

- | | |
|-------------------------------|----------------------------|
| i) Endowment | v) Foreign Employment Term |
| ii) Anticipated | vi) Other (Micro) Term |
| iii) Endowment Cum Whole Life | vi) Special Term |
| iv) Whole Life | |

Till the reporting period, the company has issued policies under the Micro Endowment, Micro Anticipated and Micro Term portfolio.

(xviii) Cash Flow Statement

Cash Flows are reported using the direct method, whereby major classes of cash receipts and cash payments are disclosed as cash flows.

(xix) Leases

The lease liability has been accounted for under NFRS 16 “Leases”. For all the significant lease, the Right-of Use assets has been recognised at its initial recognition under cash model. The Lease liability has been recognised at the present value of the lease payments that are not paid at that date. The lease payment has been discounted at the incremental borrowing rate in lease which is 9%.

After the commencement date, the right of use asset has been measured using cost model. The lease liability has been increased to reflect interest on the lease liability & has been reduced by the lease payment.

(xx) Provisions

The company applies NAS 37 – “Provisions, Contingent Liabilities & Contingent Assets” in the accounting of provisions.

(xxi) Income Taxes

Income Tax Expense represents the sum of the tax currently payable & Deferred Tax.

i) Current Tax

Current Tax Expenses are accounted in the same period to which the revenue and expenses relate. Provision for Current Income Tax is made for the Tax Liability payable on Taxable Income after considering tax allowances, deductions and exemptions determined in accordance with the applicable tax rates and the prevailing tax laws.

(xxii) Earnings Per Share

"Basic Earnings per share is calculated by dividing the profit attributable to owners of the company by the Weighted Average Number of equity shares outstanding during the Financial Year.

For diluted earnings per share, the weighted average number of ordinary shares in issue is adjusted to assume conversion of all dilutive potential ordinary shares."

(xxiii) Operating Segment

Operating Segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM) as defined by NFRS 8, “Operating Segment”.

The company’s Income & Expenses including interest are considered as part of un-allocable Income & Expenses which are not identifiable to any business segment. Company’s Asset & Liabilities are considered as part of un-allocable Assets & Liabilities which are not identifiable to any business.
